

RESTAURANT EQUIPMENT & BUILD-OUT FINANCE

Finance the whole kitchen — including the build-out banks won't touch.

Equipment leases for the line and the walk-in, plus SBA packages that wrap your build-out, equipment, and opening capital into one loan.

EQUIPMENT WE FINANCE MOST	TYPICAL PRICE	WHY FINANCE WITH US
01 Refrigeration & walk-in coolers	\$8k-\$60k	<p>◆ Fast approvals on the hard assets The line, the cooler, the dishwasher — collateral lenders approve quickly.</p>
02 Cooking line — ranges, ovens, fryers	\$15k-\$120k	<p>◆ SBA wraps the whole project Build-out + equipment + working capital in one longer-term loan.</p>
03 Exhaust hoods & ventilation	\$10k-\$50k	<p>◆ Franchise-approved financing Plug into preferred-lender programs on proven concepts.</p>
04 Dishwashing & warewashing	\$5k-\$30k	<p>◆ A straight alternative to cash advances Honest working capital — before a predatory MCA costs you the business.</p>
05 HVAC, POS & furnishings	\$3k-\$80k	

We split your project into what leases fast and what needs an SBA package — and fund both.

YOUR CHALLENGE, HANDLED

Build-out isn't collateral	→ SBA 7(a) or franchise programs fund what equipment leases can't.
First location, no track record	→ SBA startup path plus a strong-credit, collateral-first structure.
Tempted by a merchant cash advance	→ We show you what real financing costs — and beat it.

\$2.56M Write off up to **\$2.56M** of kitchen equipment in 2026 with **100% bonus depreciation** — new or used — while SBA carries the build-out. *Figures are 2026 federal limits — confirm specifics with your tax advisor.*

SECTION 179 · 2026

One package. The kitchen, the build-out, opening day.
